

The following table shows the target rankings for Welsh archers shot at qualifying tournaments. A qualifying tournament for Gents is a York/Fita and for ladies a Hereford/Fita. A Fita 70 score is also for both Gents & Ladies.

Ranking priority is given to those who have shot the most tournaments although of course this balance once the minimum 5 tournament have been shot.

All Welsh tournaments are automatically included but if any archery would like to include a score shot Wales then please forward a result list to Gary no later than 2 months after the tournament.

If any archer would like their name removed from the ranking system then please contact Gary by post or fax:-
